Dear Ron,

thanks for the mail. Actually only Christian will be London for that meeting but he knows date, time and place. In the meantime I hope we will be able to come to grips with an eventual investment into Redstone this week. I let you know the details a.s.a.p.

Kind regards

Daniel

Daniel:

How are you?

Christian Gresch and you will enjoy meeting Richard Landsbeger of FGG's London Office next week at the GMO conference in Zurich. I encourage Christian to confirm then his meeting with Richard in London May 12th. I attach an updated piece about Fairfield Sentry that might be useful to Christian in preparation for his discussion with Richard.

Here is some news about several of our funds.

Fairfield Sentry is up an estimated 1.78% net Year-to-Date (as of April 24, 2003).

Fairfield Redstone is up an estimated 5.5% net Year-to-Date (as of April 30, 2003). See attached letter about the Fund's inclusion in the Fairfield Investment Fund Multi-Manager Fund.

GMO Fairfield Market Neutral: I am waiting for the estimated numbers for April.

Best regards,
